DETAILED SUBMITTAL SCHEDULE FOR NATIONAL REGISTER NOMINATIONS

DHR's Register Program, Architectural Survey, and Regional staff have collaborated to create the following schedule to allow adequate time to review and process National Register nominations that meet the regulatory requirements established by the Federal government and the Virginia General Assembly. Register and Regional staff review up to 20 nominations per quarter and you need to allow time for a careful review. This schedule is based on the ongoing commitments maintained at DHR's current staffing level and allocation of resources. Due to the extensive commitments that all staff must meet for all of DHR's programs, the *deadlines provided herein are not flexible*.

NOMINATIONS FOR INDIVIDUAL PROPERTIES

For an individual property nomination, once you have a complete nomination draft, it should be submitted to the appropriate Regional staff member for review. (See www.dhr.virginia.gov, "Contact Us" section for regional offices and their coverage areas.) Draft nominations for individual properties are reviewed by both Regional staff and Register Program staff to provide authors with a thorough set of comments. Some items may require revision; the nomination and all supporting materials must be approved by DHR staff before being added to a particular Board Meeting agenda.

There are two types of nominations for individual properties: those that are within the jurisdiction of a Certified Local Government (CLG), and those that are not within the jurisdiction of a CLG. For a current list of CLGs in Virginia, please refer to http://www.dhr.virginia.gov/clg/clg_list.htm. Following are the deadline dates for submitting a complete nomination packet for individual properties for each of the Board meetings scheduled to take place in 2017. Nomination authors are welcome to submit their materials earlier than the dates listed below. *Deadlines must be met or a nomination will not be placed on a meeting's final agenda.*

NOMINATIONS FOR HISTORIC DISTRICTS

The nomination process for a historic district is comprised of two distinct products: 1) architectural survey materials, consisting of VCRIS data entry and completed survey files (see below under Historic District Survey Materials for a complete description of required materials); and 2) a nomination packet that includes an inventory report generated by VCRIS. All architectural survey materials *must be completed and approved* by DHR's Architectural Survey Staff by the deadlines listed below before a nomination packet will be scheduled for review by DHR's Regional and Register Program staff. The nomination packets must be *completed and approved* by DHR's Register Program staff before a historic district nomination will be placed on the final agenda of a specific Board meeting.

The milestone dates for submitting historic district nominations are the same, regardless if the proposed historic district is or is not within a CLG jurisdiction. Nomination authors are welcome to submit their materials earlier than the dates listed below. All of the deadlines must be met in order for a historic district nomination to be placed on a particular meeting's final agenda.

March 16, 2017, Board Meeting

1) Architectural Survey Materials

10% of Architectural survey materials submitted to Richmond office for preliminary review by Architectural Survey Staff

100% of VCRIS data entry completed and submitted for final review and approval by Architectural Survey Staff

100% of Architectural survey materials submitted to Richmond office for final review and approval by Architectural Survey Staff

If the survey materials for a historic district nomination are incomplete by the deadline listed above, DHR's Regional and Register staff will not schedule a draft nomination packet for review.

Historic District Survey Materials: A *minimum* of 8 weeks prior to submitting historic district nominations, authors are required to submit to DHR's Architectural Survey Coordinator 10% of the total number of VCRIS survey records being prepared for a historic district nomination. Electronic versions of the survey form, photos, and scanned site plan are to be submitted so that any problems with the data entry process can be identified early in the review process and to ensure the survey data entries are complete and accurate. A *minimum* of 6 weeks prior to submitting district nominations, authors are required to complete all data entry in VCRIS and submit the data to DHR's Architectural Survey Coordinator for review and approval. A *minimum* of 30 days prior to submittal of the historic district nomination, all completed Architectural survey materials for the entire district are due to the Architectural Survey Coordinator in Richmond. Each property within a historic district must be surveyed. The survey materials for each property consist of black-and-white hard copies of photos in archival sleeves, digital color images (TIFFs) saved to a CD, site plans, and printed VCRIS forms, all labeled and submitted in Archives folders according to DHR's survey guidelines. This allows opportunity to review all the survey materials before the VCRIS-generated historic district inventory report can be added to the draft district nomination. Historic district draft nominations that do not include a VCRIS-generated inventory report will not be accepted. Historic district draft nomination packets **will not be scheduled** for review by DHR's Regional and Register Program staff unless all survey materials have been approved by the Architectural Survey Coordinator within the deadlines listed above.

Certified Local Governments (CLGs): In the nomination process for individual properties and for historic districts, the CLG with jurisdiction over the nominated property must have an opportunity to comment on the proposed nomination. Their comments are passed on to the department director and our review boards. These nominations require extra lead-time to allow localities to receive the nominations for their Architectural Review Board's consideration. **The nomination must be finished and approved by DHR staff before it is submitted for CLG review. A list of CLG localities is available at http://www.dhr.virginia.gov/clg/clg_list.htm.**

Preliminary Information Form (PIF) Submission Schedule

Each quarterly board meeting has an associated "cut-off" Evaluation Committee meeting, after which no more PIFs will be added to that particular board agenda. In order to allow the Regional Office time to review submitted materials and work with the author to ensure that all information necessary for evaluation is in hand, PIFs intended for each "cut-off" evaluation team meeting must be received *no later than* two weeks prior to the in-house Committee meeting. The lead time also allows for the proper and timely notification of all parties involved in the PIF process and adequate time for State Review Board members to review multiple PIFs on the DHR website.

Board Meeting Date:

March 16, 2017

June 15, 2017

September 21, 2017

December 14, 2017

Last date Regional Office accepts PIFs for this meeting:
