PURPOSE

The intent of this Request for Applications (RFA) is to solicit applications for the Survey and Planning Cost Share Program, the cost of which is typically shared between the Virginia Department of Historic Resources (DHR) and a local government and/or regional planning district commission (PDC). Eligible projects encompass a broad range of survey and planning activities and protection of historic resources through identification, documentation, evaluation, and preservation planning activities consistent with the responsible stewardship of historic resources.

DHR is responsible for identification, evaluation and protection of historic resources throughout the Commonwealth. In order to work cooperatively and support local governments and PDCs toward these goals, DHR administers the Cost Share Program for the purpose of supporting local and regional historic resource documentation and planning projects. The Cost Share Program responds to and supports Executive Memorandum 1-91, which requires agencies to reduce administrative burdens imposed on local governments in the management of state financial assistance programs.

By entering into a Cost Share Locality Agreement (hereinafter referred to as Agreement) with a local government or PDC, DHR agrees to manage the project and cover a selected portion of the project costs, with the other portion of the funding typically provided by the locality or PDC.

STATEMENT OF NEEDS

- I. Eligible Applicants: Any local government or PDC in the Commonwealth of Virginia is eligible to apply. Eligible entities may collaborate to submit an application, and may submit joint applications that incorporate the participation of state agencies other than DHR, that involve more than one local government, and/or that include participation by non-profit entities such as historical societies and historic preservation organizations. One principal local government contact or PDC contact must be designated for each application submitted.

- II. Local Government/PDC Contribution: All applications submitted must specify what cash contribution they are able to provide for the proposed project. DHR reserves the right to negotiate Agreements when less than a 50% cash contribution is available, or Agreements where more than a 50% cash contribution is offered, provided the project application is found to be worthy under other criteria. In certain cases, where the need of the locality for assistance with historic resources identification, documentation and preservation planning is great, and local funding is demonstrably not available, DHR may decide to provide sufficient funding to a proposed project. **All Cost Share funding is contingent on the annual State budget and subject to change after the issuance of the RFA and the completion of the locality agreement.**

- III. DHR Regional Office Consultation: DHR's Regional Offices are available to assist with the development of Cost Share Program project proposals. Please contact staff in the regional office that serves your area to discuss project ideas and to obtain guidance on a proposed scope of work. Further information and a map depicting Regional Office service areas are available on the DHR website at: http://www.dhr.virginia.gov/regional_offices/Regions_Map.jpg.

Staff contacts in the regional offices are provided on the DHR website via links on the following page: http://www.dhr.virginia.gov/regional_offices/regional_offices.htm.

- IV. Eligible Activities and Project Priorities: Eligible activities include projects that propose historic resource documentation and planning with a local or regional focus, and that encourage the identification, recognition and protection of the full range of historic resources. Among these, certain types of project activities are to be considered priorities for the 2017-2018 Cost Share funding cycle, including those that will:
 - a. Provide broad-based survey coverage to large rural and urban areas that have never been adequately surveyed, or for which data is out of date (typically at least 10 years of age or older);
 - b. Result in updated documentation of historic districts listed in the Virginia Landmarks Register and National Register of Historic Places that lack detailed inventories, and/or that need significant amendment;
 - c. Include an area or resource type that is under threat from severe weather events, earthquakes and other types of natural disasters, an/or the effects of climate change which may include, but are not limited to, rising sea levels.
 - d. Include an area or resource type that is under documented and/or relates to a historic context that is not well understood; and

- e. Identify and document resources associated with Virginia’s culturally diverse history such as places associated with the Reconstruction Era (1861-1898), the Civil Rights Movement, LGBTQ, African-American, Native American and women’s history.

V. Project Timetable: The scope of work must be designed for completion within the 2017-2018 Schedule (Attachment A). Target dates must be specified for each work item listed in the proposed scope of work statement.

VI. Project Management: As a service to its constituents, DHR will assume responsibility for procurement and contract administration, and will ensure that project documentation is completed to state or federal requirements. DHR will be responsible for procuring the services of qualified professionals who meet the standards for professional qualifications as specified by the U.S. Secretary of the Interior ([*The Secretary of the Interior’s Professional Qualification Standards*](#)).

APPLICATION PREPARATION AND SUBMISSION REQUIREMENTS

- 1) **General Requirements:** One (1) original, marked as the original, hard copy and one (1) digital copy saved to a CD for each project application must be submitted to DHR. The applicant shall make no other distribution of the application. Failure to submit all information requested may result in a lower evaluation ranking of the application, and/or the need for prompt submission to DHR of missing information in order to qualify.
 - a) **Application Preparation:** The project application shall be signed by an authorized representative of the applicant. Ownership of all data, materials, and documentation originated and prepared for DHR pursuant to the RFA shall belong exclusively to DHR and be subject to public inspection in accordance with the *Virginia Freedom of Information Act*.
 - b) **Oral Presentation:** Applicants may be asked to give an oral presentation on their proposed project to DHR. This provides an opportunity for the applicant to clarify or elaborate on the proposed project. This is a fact-finding and explanation session only and does not include negotiation. If an oral presentation is required, DHR will schedule the time and location of these presentations, including presentations by teleconference. Oral presentations are held at the discretion of DHR and may or may not be conducted.

- 2) **Specific Application Requirements:** Applicants are required to submit the following items as a complete project application:
 - a) **RFA cover sheet, and addenda (if any) – page 2 of this RFA:** These are to be signed and returned with the application.
 - b) **Scope of Work and Project Design:** These must be described in a written narrative to include the following:
 - i) The objective and anticipated outcome of the project, including number of newly recorded and/or updated historic resources;
 - ii) The proposed phases of work clearly indicating the following:
 - (1) What specific tasks will be accomplished;
 - (2) The target completion dates;
 - (3) Where the work will take place; and
 - (4) How the work will be carried out.
 - iii) A description of why this project is a priority for the respective jurisdiction(s) and any threats to the resources.
 - iv) An explanation of how this project supports the larger statewide historic resource survey and planning priorities, as outlined in Section IV above
 - v) A written description and map of the study area. Contact the Survey Manager for assistance or examples.
 - c) **Project Budget:** Include a line item budget to support the proposed project and identify the total project cost, amount requested by this application, and cash contribution. Only costs directly related to the scope of work for the project will be allowed. Because DHR will assume responsibility for project management, including the procurement of qualified consultants to perform the scope of work, costs for administration and overhead on the part of the local government or PDC are not to be considered as part of the budget.
 - i) Applications shall specify any non-cash/in-kind contributions that may be available such as office space, availability of a vehicle, lodging, use of computers and other office equipment, and the ability to make copies of research materials, property records, etc., at no cost, that contribute to the overall worth of the project. This non-cash contribution will not be counted as part of the financial match but can enhance the proposed project application since it can help reduce consultants' costs and hence the overall cost of the project.

- d) Project Time Schedule: Provide a proposed schedule for completion of project work assuming that funds are available beginning August 25, 2017, and ending June 1, 2018. Note that projects must be completed by June 1, 2018, to ensure proper processing of deliverables and close-out of payments.

REPORTING AND DELIVERY REQUIREMENTS

Projects will be regularly monitored by DHR through meetings, site visits, submission of progress reports and project deliverables to DHR for review, and other appropriate means. Services contracted for projects will also include reporting requirements for contractors. Reports will be conveyed to the other parties of the Agreements.

TERMS AND CONDITIONS

- I. Applicable Laws and Courts: This solicitation and any resulting contract shall be governed in all respects by the laws of the Commonwealth of Virginia and any litigation with respect thereto shall be brought in the courts of the Commonwealth. The Contractor shall comply with applicable federal, state and local laws and regulations.
- II. Clarification of Terms: If any prospective applicant has questions about the specifications or other solicitation documents, the prospective applicant should contact the agency representative whose name appears on the face of the solicitation no later than five working days before the due date. Any revision to the solicitation will be made only by addendum issued by DHR.
- III. Changes to the Contract: Changes can be made to the Agreement by mutual agreement between the parties, in writing.
- IV. Funds Availability: It is understood and agreed between the parties herein that the agency shall be bound hereunder only to the extent of the funds available or which may hereafter become available for the purpose of the Agreement.
- V. Application Acceptance Period: Any application in response to this solicitation shall be valid for 120 days. At the end of the 120 days the application may be withdrawn at the written request of the Applicant. If the application is not withdrawn at that time it remains in effect until an award is made or the solicitation is canceled.
- VI. Cancellation of Agreement: DHR reserves the right to cancel and terminate any resulting Agreement, in part or in whole, without penalty, upon 30 days written notice to the parties specified in the Agreement. Any cancellation notice shall not relieve the parties specified in the Agreement of the obligation to deliver and/or perform on all outstanding tasks issued prior to the effective date of cancellation.
- VII. Transfer of Cash Contribution: Transfer of the cash contribution to DHR will be negotiated prior to execution of the Agreement. The applicant is to provide funding directly to DHR after execution of an Agreement between the locality and DHR. Agreements will obligate the proposing entity to transfer their proportionate share of the proposed project cost to DHR. Payment to DHR is expected in a lump sum, to be provided promptly upon receipt of an invoice from DHR. Delays in payment may result in delays in project completion.
